

Course Title: Certificate in Building Control Management (7231)	
Duration: 6 Days	Certification: SETU Carlow
Expiry Period: N/A	Award: Level 7, 10 credit, Special Purpose Award Certificate in Building Control Management

Aim of Programme:

This programme will be recognised as the minimum standard in building control.

Target Learner:

The primary target learner is those working in the construction sector.

Learning Outcomes:

The programme, which will be recognised as the minimum standard in building control, will cover six topic areas.

1. Built Environment Legislation Overview
2. Administrative Functions, Building Control Management System (BCMS)
3. Building Regulations Overview
4. Inspections and Inspection Procedures & Policy
5. Enforcement – Legal with Case Studies
6. Compliance and Support

This programme will be delivered using a hybrid approach which is a learner-centred process involving digital, printed, live and recorded class activities and facilitated by IT Carlow's virtual learning environment Blackboard collaborate. The structured manner will facilitate students in their learning process to reach programme and module learning objectives. Learners will also be required to complete project work in order to achieve certification.

Attendance at each of the topic days and completion of all assessments is mandatory to achieve certification.

Assessment:

There are currently three assessments to be completed, an essay worth 40%, a project worth 50% and Q & A every day worth 10% (2 x 5 Days)

Entry requirements:

- Applicants must be able to demonstrate a level of knowledge, skill and competence associated with Level 4 of the NFQ.
- Learners must have access to a computer as this course is a blend of online (Topics 2, 3, 5, 6) / onsite (Topics 1, 4) delivery.
