

Course Title: Membrane Technology in Water / Wastewater Plants (7026)	
Duration: 1 Day	Certification: LASNTG Certification
Expiry Period: 3 Years	Award: Attendance Certificate

Aim of Programme:

The aim of this programme is to provide basic skills and knowledge for Local Authority personnel and others engaged in membrane technology.

Target Learner:

This training programme is for learners who will have worked with or have experience in Membrane Technology. Learners can be a Plant Operative, General Operative, Technician, Engineer or Supervisor.

Learning Outcomes:

On completion of this programme, the learner will be able to:

- Demonstrate an in-depth knowledge of the operation and maintenance of membranes.
- Accurately describe the different filtration techniques and the common operation and maintenance issues.

Assessment:

There are currently no assessments required to complete this course.

Entry requirements:

- Applicants must be able to demonstrate a level of knowledge, skill and competence associated with Level 4 of the NFQ.
- It is desirable that they have worked in or are familiar with the operations of a wastewater treatment plant

Equipment the learner must bring to the course:

- Personal Protective Equipment (Safety Boots / High Vis)
