

Course Title: Water Treatment & Distribution – Appreciation (2084)	
Duration: 1 Day	Certification: LASNTG Certification
Expiry Period: 3 Years	Award: Attendance Certificate

Introduction:

LASNTG has developed this one-day course for those who work in process of water treatment and distribution.

Aim of Programme:

The aim of this programme is to provide basic skills and knowledge for Local Authority personnel and others engaged in the process of water treatment and distribution.

Target Learner:

This training programme is for learners who will have worked with or have experience in process of water treatment and distribution. Learners can be Plant Operative, General Operative, Technician, Engineer and Supervisor.

Learning Outcomes:

On completion of this programme, the learner will be able to:

- Understand the water cycle, catchment, different water sources and applicable water legislation.
- Demonstrate knowledge of water clarification, filtration and storage and efficiently manage water from different sources.
- Demonstrate an understanding of water distribution networks, water production and demand management.

Assessment:

There are currently no assessments required to complete this course.

Entry requirements:

- Applicants must be able to demonstrate a level of knowledge, skill and competence associated with Level 4 of the NFQ.
- It is desirable that they have worked in or are familiar with the operations of the water supply system.

Equipment the learner must bring to the course:

- Personal Protective equipment (Safety Boots High Vis)
